WEEKLY REPORT
Region 9
Environmental Protection Agency
Week of 12/19/2016
Land Division

Highlight of Past Week

Significant Items for Next Week

Internal to Region 9

Gila River Indian Community UST Cleanup: On December 21 we issued a No Further Action (NFA) letter for the Arizona Traders UST Cleanup Site. Since 2001, we have worked extensively with the Gila River Indian Community in conducting site assessment and corrective action. EPA operated a soil vapor extraction system and removed approximately 50,000 pounds of hydrocarbons from the vadose zone. Over \$1M from the Federal LUST Trust was spent on the site. The Tribe concurred on the NFA proposal. (C. Prokop x2-3363)

Smart Growth Technical Assistance for Two Region 9 Communities: On December 15, the HQ Office of Sustainable Communities announced 25 communities which will receive EPA's Smart Growth Building Blocks Program technical assistance. Bishop, CA will receive assistance in identifying strategies and tools to spur the revitalization of its town center, and Apache Junction, AZ will receive assistance to identify strategies to support infill development. (Stollman x2-3729)
